Please note: 'School' refers to Chatsworth Schools; 'parents' refers to parents, guardians and carers.

This is a whole school policy, which also applies to the Early Years Foundation Stage.

Accessibility Policy and Action Plan

This policy should be read in conjunction with the school's Disability Policy.

Accessibility Policy

Introduction

Accessibility planning is an integral part of the school's annual planning cycle. The Accessibility Plan, created in accordance with the planning duties of the Equality Act 2010 (as amended by the SEN and Disability Act 2001 and 2005 (SENDA), forms part of the whole school development plan while remaining as a regular agenda item in the SLT (Senior Leadership Team) meetings, ensuring it is a focus of attention.

Original legislation required the plan to cover a fixed 3-year period, as determined by the government. However, recent DfE guidance allows schools to choose any 3-year period. The school's plan covers the 3-year period as specified in its title. The school has adopted the format of planning for a rolling 3-year period; a new year is added at each annual review and the details of the completed year, annotated to record what has been achieved, are archived and made available on request to any appropriate inspection body. The coherence of the plan and its influence upon other developments is monitored by the SLT on an annual basis.

The Accessibility Plan draws on the guidance set out in:

- SEND Code of Practice (2015)
- "What Equality Law Means For You As An Education Provider" (2014)
- "Equality Act 2010: What Do I Need to Know? Disability Quick Start Guide" (2011).

Over its 3-year period, the plan aims to:

- a) increase the extent to which disabled pupils can participate in the school's curriculum;
- b) improve the physical environment of the school for the purpose of increasing the extent to which disabled pupils are able to take advantage of education and benefits, facilities or services provided or offered by the school;
- c) improve the delivery to disabled pupils of information which is readily accessible to pupils who are not disabled.

Adequate resources will be allocated for the implementation of this plan.

Definitions of Disability and Special Educational Needs

Disability is defined as follows by the Equality Act 2010:

A person has a disability if:

- they have a physical or mental impairment;
- the impairment has a substantial and long-term adverse effect on their ability to perform normal day- to-day activities.

For the purposes of the Act, these words have the following meanings:

- 'substantial' means more than minor or trivial; for example it takes much longer than it usually would to complete a daily task;
- 'long-term' means that the effect of the impairment has lasted or is likely to last for at least twelve months (there are special rules covering recurring or fluctuating conditions);
- 'normal day-to-day activities' include everyday things like eating, washing, walking and going shopping.

People who have had a disability in the past that meets this definition are also protected by the Act.

The definition of Special Educational Needs in the Children and Families Act 2014 includes pupils with significantly greater difficulty in learning than the majority of children of their age, or a disability which means that a pupil cannot make full use of the general educational facilities provided for pupils of his or her age in mainstream schools. Not all pupils are disabled by their SEN and vice versa.

The SEND Code of Practice makes it clear that the definition of disability includes sensory impairments, such as those affecting sight or hearing, and long term health conditions, such as asthma, diabetes, epilepsy, and cancer.

Progressive Conditions Considered to be a Disability

A progressive condition is one that gets worse over time. There are additional provisions relating to people with progressive conditions. People with HIV, cancer or multiple sclerosis are protected by the Act from the point of diagnosis. People with some visual impairment are automatically deemed to be disabled.

Conditions that are Specifically Excluded

Some conditions are specifically excluded from being covered by the disability definition, such as a tendency to set fires or addictions to non-prescribed substances.

Objective of the Accessibility Policy and Plan

To reduce and eliminate barriers to access to the curriculum and to full participation in the school/nursery community for pupils, and prospective pupils, with a disability.

Principles

The school recognises its duties under the Equality Act 2010:

- Not to discriminate against disabled pupils in their admission and exclusions, and provision of education and associated services
- Not to treat disabled pupils less favourably
- To take reasonable steps to avoid putting disabled pupils at a substantial disadvantage (the 'reasonable adjustment' duty) in matters of admission and education
- To have and regularly to update an Accessibility Plan which meets the statutory requirements by being in writing and covering the three strands over time, as noted in the introduction, above.

The SEND Code identifies a clear focus on the participation of children and young people and their parents in decision-making at individual and strategic levels. The school/nursery recognises and values parents' knowledge of their child's disability and its effect on his/her ability to carry out normal activities and respects the parents' and child's right to confidentiality.

The school provides all pupils with a broad and balanced curriculum, differentiated and adjusted to meet the needs of individual pupils and their preferred learning styles, and endorses the key principles, which underpin an inclusive curriculum:

- setting suitable learning challenges;
- responding to pupils' diverse learning needs;
- overcoming potential barriers to learning and assessment for individuals and groups of pupils.

Management

In formulating the plan, the SLT may co-opt additional members whose expertise in any field would be of assistance.

The SLT's terms of reference are:

- To review the schools procedures and facilities as they are likely to affect pupils and prospective pupils who are disabled;
- To make decisions with a view to improving the accessibility of its education in its many aspects, to pupils or prospective pupils with disabilities, by means of reasonable adjustments and to implement, evaluate, and continue to review the effectiveness of any measures taken;
- To continue to review the school's/nursery's Disability Policy;
- To continue to review the school's/nursery's Accessibility Action Plan.

Learning and Teaching

The school has:

- Appropriately trained SEND staff in each of its educational settings each equipped to deal with the range of mild or moderate learning difficulties experienced by children who, with our support, can benefit from the curriculum we follow.
- A strong and successful record of supporting children with a range of SEND needs by planning with parents and children, seeking advice from appropriate professionals and training staff with regard to any child's specific needs.
- Students are assessed for SEND upon admission and other times when a need is identified.

The school/nursery has a procedure for dealing with accessibility in advance of a child's admission or, in the case of the emergence of a disability, the following procedures are in place:

Pre-Admission

A lot of planning takes place before the child arrives at school/nursery. This will include:

- Information gathering from parents, the child's current school or nursery and relevant external agencies.

- Writing an individual accessibility and/or education plan tailored to the needs of the child. This will involve meeting with parents and meeting with the child to discuss their preferences. It may also involve meeting with external agencies who specialise in dealing with that particular disability, who can offer support to the school when planning the appropriate provision for the child.
- Providing adequate training for staff, who will be responsible for that child, so that they feel confident to carry out the plan.
- Providing the correct resources for the child so that he/she has as much access to the curriculum as is reasonably practicable.

After Admission

Planning and undertakings will include:

- Managing and recording the pastoral care of the child through the school's pastoral system and fostering the child's social and emotional development, with appropriate documentation.
- Reviewing the plan with the parents and child and, where relevant external agencies, at appropriate intervals so that planning can be put in place for the following term.
- Communicating with future schools with regard to the child's needs.

If the onset of disability occurs during a child's time with us, all of the above will be put in place.

Training

The overall planning of staff training is undertaken by the SENDCO and Head. Training is given to the whole staff (full-time and part-time) on SEND and Disability on at least a two-year cycle. Training is undertaken on a whole staff basis with regard to learning styles, learning differences, learning difficulties and multi-sensory teaching over an extended period.

Training is undertaken on a 'need-to-know' basis with regard to, for example, asthma, epilepsy, anaphylaxis, colostomy management, cystic fibrosis and other conditions. Training will continue to be tailored to provision for and understanding of specific conditions as appropriate.

Pastoral Care

The overall management of pastoral care is the responsibility of the Deputy Head Pastoral. Pastoral Care/Safeguarding is an agenda item at each meeting of the SLT and forms part of the annual development plan.

A Health and Safety Committee, comprising appropriate members of staff, meets termly to consider all matters of Health and Safety.

Arrangements for Health and Safety on trips and visits are scrutinised and approved by the Head and Educational Visits Co-ordinator.

Physical Environment

The Site Manager is responsible for the school's physical environment, supported by the Business Manager.

The school recognises that environmental adjustments cannot readily be made in response to the arrival of a child with a disability and that, therefore, longer-term planning is needed to ensure that environmental factors are improved including access, lighting, acoustic treatment and colour schemes, and more accessible facilities and fittings. This is where the Action Plan becomes a part of the policy.

The plan below sets out the action being taken by the school as positive steps to promote equality and eradicate discrimination for all.

Disability Policy Review

The responsibility of review is the Senior Leadership Team.

The terms of reference are:

- to review the school's policies, procedures and facilities, as they are likely to affect pupils and prospective pupils who are disabled, and to prepare an audit of current provision.
- to make recommendations with a view to improving accessibility of the school's education to pupils or prospective pupils with disabilities, by means of reasonable adjustments and by planning for the future by preparing an Accessibility Plan.
- to review such plans and policies as necessary at least every three years.
- an audit of current provision

Admissions

Admission to the school is on a non-selective basis (no written assessments are taken). We welcome pupils with special educational needs, providing that our Learning Support Department can offer them the support that they require. We welcome pupils with physical disabilities provided that our site can cope with them. The school's policy is to enrol pupils regardless of any disability of which it is aware, provided that the school can accommodate their needs within the parameters of reasonable adjustments.

The school asks parents of prospective pupils if special needs should be taken into consideration. In assessing any pupil or prospective pupil the school may take such advice and require such assessments as considered appropriate. Subject to this, the school will be sensitive to any requests for confidentiality.

The life of the school is enhanced by inclusive policies, but equal importance must be given to ensuring that no pupil's education is impaired.

Delivery of the Curriculum

Through INSET, staff meetings and other initiatives, such as online learning, we train classroom staff on developing inclusive approaches towards teaching.

Classroom Arrangements

Freestanding tables and chairs in most classrooms mean that furniture can be rearranged easily to accommodate disabled students. Where appropriate for learning needs, the school encourages the use of laptops or other portable devices. The majority of rooms are fitted with blinds, which might be of benefit to students with visual impairment. Lessons provide opportunities for all students to achieve. For example, provision may be made for dyslexic and dyspraxic students to use laptops in lessons and for tests. The school keeps detailed records of pupils' needs and the

range of support provided, which it uses to make application for extra provision in public and formal examinations.

Delivering Material in other Formats

ICT and photocopying facilities are available to produce large print information.

Visits

School visits are open to all, provided the appropriate medical practitioner declares any individual with a medical condition is well enough to travel. However, the school might need to consider the transport and accommodation needs of a wheelchair user.

Policies

Details of the Equal Opportunities policy, including disability, are published in the staff handbook. This policy and plan should also be read in conjunction with the SEND and Inclusion Policy.

Emergency Evacuation

If a pupil with a disability is admitted to the school, relevant staff will be provided with training to support the pupil's emergency evacuation. Within the structure of the current premises, a number of modifications may be possible in order to increase accessibility for disabled pupils and parents.

Should it be beneficial for a pupil with a disability, the school will create a Personal Emergency Evacuation Plan (PEEP), consulting, as relevant, with the pupil's medical practitioner and the emergency services.

In planning for emergency evacuation, if appropriate, the school will consider, for example:

- equipping fire alarms and bells with additional visible signals to meet the needs of any deaf pupils.
- acquiring an 'evac-chair' or similar equipment to facilitate the emergency evacuation of a pupil with mobility difficulties.

Interpretation

In this policy, the term "senior manager" means a School Head and their designated deputies.

This policy applies to all employees in all Schools (save for Schools with their own procedure which shall prevail) and other work environments within Chatsworth Schools

This policy applies within all companies, which are wholly owned subsidiaries of Chatsworth Schools Ltd, a company registered in England, registered number 11552579.

The registered office of all companies is Crimea Office, The Great Tew Estate, Great Tew, Chipping Norton, Oxfordshire, OX7 4AH. Any enquiries regarding the application of this policy should be addressed to the Director of Operations at the above address.

Accessibility Plan 2020 - 2023

Hall School Wimbledon is committed to providing a fully accessible environment which values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.

The school plans, over time, to increase the accessibility of provision for all pupils, staff and visitors to the school. The Accessibility Plan will contain relevant actions to:

- Improve access to the physical environment of the school, adding specialist facilities as necessary. This covers improvements to the physical environment of the school and physical aids to access education.
- Increase access to the curriculum for pupils with a disability, expanding the curriculum as necessary to ensure that pupils with a disability are as, equally, prepared for life as are the able-bodied pupils. This covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits. It also covers the provision of specialist aids and equipment, which may assist these pupils in accessing the curriculum.
- Improve the delivery of written information to pupils, staff, parents and visitors with disabilities. Examples might include handouts, timetables, textbooks and information about the school and school events. The information should be made available in various preferred formats within a reasonable time frame.

We acknowledge that there is a need for ongoing awareness raising and training for staff in the matter of disability discrimination and the need to inform attitudes on this matter.

The Accessibility Plan should be read in conjunction with the following policies, strategies and documents:

- Curriculum
- Equal Opportunities
- Staff Development
- Health & Safety (including off-site safety)
- Special Educational Needs
- Behaviour Management

The Action Plan for physical accessibility relates to the extent and type of need of pupils attending the school. It may not be feasible to undertake some of the works immediately but the school would expect a rolling programme of provision for a child as he or she progresses through the school. The audit will need to be revisited prior to the end of each first three-year plan period in order to inform the development of the new Plan for the following period.

- As curriculum policies are reviewed, a section relating to access will be added to that on Equality and Diversity. The Senior Management Team always has regard to matters relating to Access.
- The School website will make reference to this Accessibility Plan.

- The School's complaints procedure covers the Accessibility Plan.
- The Plan will be monitored by the Head on an annual basis.

There is an overlap with Hall School Wimbledon's Special Educational Needs Policy. Special educational provision is something additional to or otherwise different from normal provision. The Accessibility plan goes beyond SEN. Its aim is to increase inclusion.

The aim of Hall School Wimbledon is to provide full access for all of its pupils.

DEFINITIONS OF DISABILITY

The definition of disability under the Act is: -

"A physical or mental impairment that has a substantial, long-term, adverse effect on day-to-day activities".

"Substantial" is defined as 'more than trivial' so the definition covers a large group of children and includes hidden disabilities such as dyslexia and other language and learning difficulties and some behavioural difficulties if, for example, they arise from recognised mental health difficulties, such as ADHD. Some, but not all of the children will have special educational needs.

The aims of the Act and its Code of Practice are to encourage inclusion. This requires us to think of the barriers each area of disability may cause the individual and to take steps to remove these, or reduce their impact.

To increase the extent to which disabled pupils (including those with special educational needs) can participate in the school's curriculum:

Objective	By when?	By whom?	Resources	Review
Pupils who require a laptop to use at school as per the school's laptop policy are allowed to use their own device in order to access the curriculum and express their ideas more easily.	Sep 2021	SENCo	Personal Devices and/or school laptops used for access arrangements	
To improve social, emotional and mental health offer by providing a school counselling service	Sep 2022	EP		Annually
Laptops provided for exams and assessments for pupils who	Sep 2021	SENCo		

struggle with writing legibly because of their SEN, have difficulty with pen/paper writing tasks, have temporary writing difficulty due to injury.				
Specialist software installed on school's network to support reading which can also be used by pupils on own devices at school and at home.	Sep 2021	IT Technician / SENCo		
The SENCO will assess the needs of pupils for access arrangements. Applications will be made to the examining bodies, as necessary and any special requirements implemented.	Annually	SENCo		Annually
Introduce series of twilight specialist INSETS to improve knowledge and understanding of specific SEND.	Sep 2020/21	SLT External Providers	Cost	Termly
Improve delivery of multisensory lessons for pupils with SEND	Ongoing	All Teaching Staff	Time for inset, classroom observations	Ongoing
Physical Environment				
Improve the provision of disabled toilets and showers throughout the school sites to ensure sufficient access for pupils with disabilities throughout the school day	Sep 2021	Site Manager	Cost	First aid Room now accessible
Oberon - Disabled toilets and showers installed	Sep 2020			Complete Sep 2020
Improve accessibility to main building at the Downs site by purchasing a portable ramp	Sep 2021	Site Manager/ Business Manager	Cost	Complete - May 2021
